School Start Nears

For County System

Policy Plan Under Study

A 17-point statement of policy, proposed by Board 4 Trustees S. P. Powell last Saturday on the basis of a survey of practices in other Mississippi counties, is scheduled for consideration by the county board of education when it reconvenes Sunday.

In addition to setting forth meeting and organization procedure for the board, the Powell plan enunciates various spheres of responsibility for the board and the superintendent.

It provides for consideration of all school business at board meetings to avoid commitments through personal interviews with

individuals which might prejudice trustees' decisions and makes the county superintendent and principals responsible for discipline of the schools. Rules for governing student bodies are to be set up by the superintendent with assistance of the professional staff.

The superintendent is the chief executive officer, responsible to the board for the operation and management of the schools under policies laid down by the trustees. He is to keep the board informed of operations and recommend with the various principals the personnel, the

Roofing Problem

Hospital Trustees Told Woe

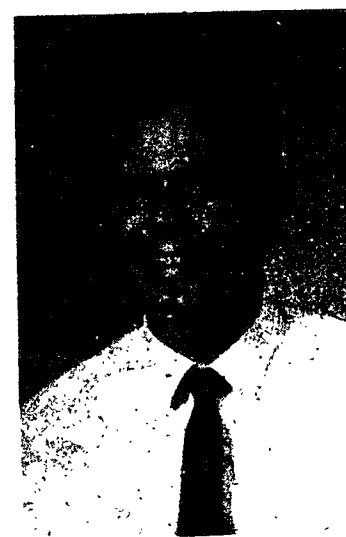

NC Remedy Pushed, Grid Lighting Voted

The immediate need of roofing repairs at Hancock General Hospital was a cause of concern to the board of trustees in its meeting Tuesday night. Administrator Tom Legere would need for repairs to all gable-end joints. Shifting of concrete beams has caused cracks in the built-up roofing material and in inside plaster wall and ceiling finishing.

Legere, in correspondence with the glass bonding corporation, pointed the trouble to original construction and specifications which did not specify the use of an expensive fiberglass insulating material for the roof. Attorney Sam Favre said legal action at this late date would be inadvisable, but board building committee members Corbin Lacher, Ray Seal and Clifford Lender have been authorized to examine the situation.

Legere speculated that the tremendous cost of repairs might be covered by requesting an increase of one mill in county taxes, but the board took no action. Purchase of a new anesthetic machine from Bedsole Surgical Co., Mobile, and a 6 hp. gas engine were approved.

Legere, with a bid of \$1,786 for a new air conditioning unit, with a \$300 discount on the new unit in use at Hancock (Cont. on Page 4.)

DR. JOHNNY LEVENS
Dr. Levens Takes Public Health Post

Dr. Johnny B. Levens, who assumed duties as Hancock County health officer, effective Aug. 13, a native of Gulfport, Dr. Levens received his degree from the University of Mississippi Medical School, and completed internship July 1, 1962 (Cont. on Page 4.)

P. Orta, Attorney Walter J. Phillips was directed to clear up the roof problem which has prevailed since the school opened in 1959. Phillips had suggested getting an architect to estimate cost of the work necessary, advise McClendon Building Service, contractor, and if nothing is done within a week of the notice given to proceed and send them the bill. The board noted the repeated requests to the architect for the building, Charles Proffer, and McClendon have been to no avail in the past.

Low bid of Interstate Electrical Supply Co. of Hattiesburg on the gridiron lights was approved, total cost estimated at \$1,481.20. Also bidding was Malco Industrial Lamp Co.

Standard Oil Co.'s bid on three and a half for the coming year was accepted on the motion of Trustee Allan D. Keller after figures were tabulated following bid opening Aug. 6. He noted Superior Sales of Jackson was low but the license number required by state law was not shown. Bids on janitorial supplies were opened and held for study.

Largely because it would entail additional bus costs, the board turned down a proposal by J. D. Peters, new superintendent of North Central, for pre-registration of pupils on the Wednesday and Thursday before school opens Aug. 31. He explained the usual pre-registration was not held in the spring (Cont. on Page 5.)

TABULATING OEDP SURVEY - Lloyd A. West, manager of the agricultural industries department for the State W and I Board, standing left, arrived Wednesday to assist with processing data for the county's application for federal aid through the Overall Economic Development Program. Working with him are, seated from left, County Agent O. O. Swords, Chamber of Commerce President W. R. Gordon, Mayor John A. Scaffide, and standing, City Commissioner J. Cyril Glover.

Visiting Hour Study Launched For Hospital

Hancock General Hospital auxiliary, in cooperation with the administrative and medical staff, has initiated a program to help eliminate congestion during visiting hours at the hospital.

In addition to courteous posters and pamphlets available to visitors, questionnaires, a sample of which may be found on Page 7 of this issue, and receptacles have been placed in a number of local stores suggesting appropriate visiting hours, etc. It is the auxiliary's plan, in this manner, to educate the public in the daily routine of patients, and discourage visitors who clog the hospital halls during unscheduled visiting hours.

Mosquito Control May Be ARA Topic

Hancock County's Overall Economic Development Program report moved into its final stages this week with all of the program's 20 committee chairmen turning in completed surveys. The group met last Wednesday night to discuss the compilation of the completed report which, chairman and Chamber of Commerce president W. Roy Gordon said, "must begin immediately if the finished product is to meet the Sept. 15 deadline."

Lloyd West, representative of the State Agricultural and Industrial Board, arrived in Bay St.

Louis this week, to be followed on Aug. 22, by Dennis W. Rivers, executive program leader from Mississippi State University, to instruct local workers and committees on the combining of related data.

"Only when the report has been completed and approved by the Area Redevelopment Administration in Washington," County Agent O. O. Swords, explained, "can Hancock County expect to receive aid for the numerous projects it has in mind."

The unit was formally released from active service Sunday, following a welcome home celebration staged Saturday night by local governing bodies and by local organizations. First official civic organizations. First official civic organizations. First official civic organizations.

An address by Maj.-Gen. W. P. Wilson, state adjutant general, highlighted Saturday's banquet and dance honoring the returning unit and their escorts for

which Fred Foyard, American Legion chairman for the American Legion post, was chairman with John D. Rutherford, Jr., as co-chairman.

The general commended the performance of the 134th upon being called into federal service. While the guard units and reserves called up last fall did not see combat, their mobilization went far toward causing Nikita Khrushchev to back up on the Russian stand in the Berlin crisis, he declared.

In behalf of the state of Mississippi, General Wilson presented the company with a certificate of achievement for meri-

torious service during the period from Oct. 1, 1961, to Aug. 13, 1962, the period of active service, and a citation of achievement published on a general order for its role in the Berlin crisis. He also presented a plaque from the National Guard Bureau in Washington for attainment of superior rating during calendar 1961 based on its performance at Camp Shelby last summer.

The awards were accepted for the company by Capt. Kingston. Before the unit departed from Ft. Chaffee it was presented by Col. Adrian Fuller, deputy post commander, with a certificate of achievement from the U. S.

Continental Army Commander, Gen. Herbert B. Powell, at Ft. Monroe, Va.

After a social hour the program opened with presentation of colors by the Legion color guard and invocation by Rt. Rev. Msgr. James J. Hamon, pastor of Our Lady of the Gulf Catholic Church.

Legionnaire Russell Elliott served as master of ceremonies, introducing the host of dignitaries present, recognizing organizations represented at the dinner and those making the occasion possible, and reviewing events of the year at home for the benefit of the guardsmen who have

Coalition Is Seen As Milestone

WASHINGTON (AP) - President Kennedy told Soviet Premier Khrushchev today that the formation of a coalition government in East Germany is very encouraging.

Kennedy replied to a message from Khrushchev in which the Soviet leader said the agreement on a coalition government could serve as a guide to the solution of other problems between East and West.

"It is equally important that we should not press forward, with assurance, to complete these arrangements and to work closely together in their execution. We to persuade all concerned in East Germany to work together to this end and to avoid actions anywhere which would disrupt the progress which has been made," progress AGREES UNITED PRESS.

Kennedy agreed with Khrushchev that continued progress in the settlement of the Berlin problem can be helpful in leading toward the resolution of other international difficulties.

Weather, Manners Top Impressions

Holland's cool weather and the good table manners of foreign children were among the items mentioned in a letter received from local delegates to Children's International Summer Village in the office of Christ Episcopal Day School this week. Ann Clayton of Pass Christian and Steve Pindexter of Bay St. Louis, Christ Episcopal School students, are attending the village which opened July 28 in Rotterdam, Holland.

They wrote: "We are adjusting to the cooler weather... the temperature never reaches 70 degrees... our table manners are different than the other countries. They all use a knife and fork together. We have discovered that children from other countries have very good manners. This helps us on our toes."

"It was a thrill to see such beautiful patchwork as we approached Holland... we had a tour of Amsterdam... couldn't get over the friendliness of the people... By mid-afternoon (the first day at the village) we had already made friends with children from England, Sweden, Holland, France, Finland, Canada, Germany, Denmark and Liberia. "We are learning songs and games from other countries. We have organized a student

A Duty

A FRIEND of ours says we tend to be too controversial and, since he's a knowledgeable friend, he is possibly right. We wade, on occasion, at least waist-deep into matters that most of the principals consider to be none of our business. But we wade, much of the time, on behalf of people we don't know and in defense of interests that are not personal interests. And if, in the process, we sink—we can swim a little.

The function of an editorial page, in addition to its lighter obligations, is to pry, goad, vex, as well as instruct. This is not, for the editors, an easy assignment. It would be far easier for the men who direct these "pages of opinion" to settle for literature gush about how fine a town we have, how wonderful a region, how noble a group of civic servants, how good a government. Under such a formula, the men who direct these pages could play more golf, enjoy more free lunches, live to a ripe age, and make (we suspect) more money.

It is not our way. Our way is to agonize, to go without lunch, to take our troubles home with us. It is, as our friend says, a controversial way, and perhaps ineffectual. It is still our way. And we swim a little.

A fourth bid on milk received from Bush, Laurel, Miss., was rejected due to the service and availability element.

One Oil Co.'s bid on tires, tubes, batteries, gas and oil for city school vehicles was accepted over Sears-Robuck's low bid, as the best bid because of availability and service.

Purchase of janitorial supplies will be divided among nine bidders: Holcomb Cleaning Materials, Indianapolis, Ind.; Chemical Industries, Inc., Jackson; Dixie Chemical Products, Inc., Birmingham; Martin Supply Co., Columbia, Miss.; Sundry Supply Co., Jackson; Walter Supply, Jackson; Franklin and General Hardware, Biloxi; all of New Orleans; and Lisco Co., Biloxi.

Contract for publishing the Coast Echo was awarded to the Star Coast Echo, Inc., Biloxi.

The board then considered the annual purchase of the United States National Oceanographic Survey, and a 20-volume set of the United States Hydrographic Survey, and a 20-volume set of the United States Hydrographic Survey, and a 20-volume set of the United States Hydrographic Survey.

General, and Kay Surgical Supply, Jackson, were the sole bidders on the former item. Estapa's \$336 bid was the only one on the mower.

Approval was given for the addition of two trunk lines to the hospital switchboard at a cost of \$3.25 each per month; and installation of a long distance telephone with extensions at the nurses' station and administrator's office, which will facilitate calls directly to Pass Christian, Long Beach and Gulfport without long distance costs. Logue pointed out that the increased efficiency would more than compensate for the \$27.40 monthly charge.

A salary raise for anesthetist Shirley Dunphy, requested by Logue, was approved. Logue announced that the staff and personnel will hold their annual picnic at Cue's pool, beginning at 6:30 p.m., Aug. 24. A seafood buffet will be served. The claim check for July, amounting to \$8,448.14 was approved.

STATE OF MISSISSIPPI
COUNTY OF HANCOCK
NOTICE OF TRUSTEE'S SALE
WHEREAS, on the 14th day of August, 1952, the said Hancock County, Mississippi, was the owner of the following described property located in Hancock County, Mississippi, to-wit:

WELL DONE! - Maj.-Gen. W. P. Wilson, state adjutant general, presented Capt. Irvin S. Kingston, CO of the local National Guard unit, with plaque in recognition of services well done by the company while on active duty this year.

MILITARY TALK - That mostly likely was the topic for this group at the welcome home party for the National Guard Saturday. From left are Capt. Irvin Kingston, CO of the 134th; Col. H. R. Vance, Maj.-Gen. W. P. Wilson, Party Chairman Fred Foyard and Legionnaire Henry Capdepon.

Honor 134th...

(Cont. from Page 1.)

Words of welcome were extended by Joseph Benvenuti, Legion post commander; Mayor John A. Scalfie in behalf of Bay St. Louis, Mayor Garfield Lader for Waveland and General Wilson. The response was made by Capt. Kingston who expressed the appreciation of the 134th for the honors accorded it.

The company commander also remained to the Legion the flag of the late Alcee Legendre, World War I veteran and a national figure in Legion affairs, which had been presented to the unit on its departure last October. In accepting the banner back, Elliott said the Clement Boncompagni Post 139 will reserve it for future occasions of national nature.

Rev. Charles R. Johnson, rector of Christ Episcopal Church, gave the benediction after which the colors were retired.

Military guests included General and Mrs. Wilson, Col. H. R. Vance, assistant adjutant general, and Mrs. Vance; Col. and Mrs. John N. Bullock, Col. and Mrs. Julian Erwin, Maj. and Mrs. Edgar S. Rapp, Lt. and Mrs. George E. Wynne, all of the adjutant general's staff; Lt. Col. Fielding Staley, commander of the 138th Battalion from Biloxi to which the 134th is attached, and Capt. James Runtow, battalion public information officer.

Capt. Kingston, who helped organize the local guard unit in 1954, will leave in early September for Lake Charles, La., to join the Weather Bureau staff there. At the start the company had seven men and borrowed seven from Piquemine in order to have the necessary number to get federalized. Kingston has been CO ever since. Appointment of his successor has not yet been announced but indications are the post will be awarded to Lt. Wallace Farragut of Pass Christian, when he is released from active duty in October. Farragut is the only officer in the unit who will remain with it, others having elected to stay in the service and Kingston moving away.

Fifty-six members of the company returned while 70 left. The balance stayed in the Army. Still on duty this week are Sgt. Wayne Favre, Earl Lizama and Specialist Gary Karl and Jimmy Lader.

Engineers Move To Acquisition In Buffer Zone

The Corps of Engineers real estate project office here for the NASA test site is now preparing to start acquisition of property in the adjacent area, spokesmen said this week.

Mapping activities are now under way in preparation for appraisals of the huge tract which will surround the test zone.

No further options to purchase in the fee zone have been signed during the week and processing of papers is continuing to send the unacquired tracts into the federal courts for condemnation proceedings. Indications are that an initial conference will be held within the next 10 days with officials of International Paper Co. on the 11,200-acre tract that firm holds in the fee zone.

Sale of two more tracts was closed out during the week. Involved were 6.4 acres at a total cost of \$20,560. Sellers were Mrs. Florence Woods and Hardy C. Henry.

Meanwhile Edward R. Calvin, formerly of popular Bluff, Mo., has joined the staff of the Engineers' office here as an attorney. He and his family have purchased a home on Leonhard Avenue, Kenneth Mereman, surveyor aide, is on temporary assignment there from Mobile.

Mosquito control...

(Cont. from Page 1)

Boy St. Louis and a saw mill proposed for the northern part of the county, Swords introduced an inter-county project, to include Harrison and Jackson Counties, for the eradication of mosquitoes in the three-county coastal area.

Swords met two weeks ago with Rivers, Charles Stone, district extension agent from Jackson, David Young and Harrison and Jackson county agents to discuss the mosquito project which will be financed partially through the ARA.

"Hancock County's share will be supplied through the ARA," Swords explained, "the difference provided through out-of-pocket funds of the other two counties." Hardin Sharnack noted that this type of program was attempted two years ago, but Hancock County was unable to finance its share at that time and the idea was discarded.

"This is still in the planning stage," Swords said, "but the people of Hancock County should keep in mind that such a project will not affect a tax increase; rather our entire share will be provided by the government through the ARA, pending the approval of our OBDP report."

A faculty vacancy at Loggova School was discussed and President Charles B. Murphy, in whose district the school is located, said two teachers might be needed with the number of families moving into the area. Earlier it was thought enrollment would drop sharply with families in the NASA fee zone moving out this fall, Murphy added his latest information is that the school will not be forced to close for the test site until late in 1964, rather than next fall.

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that —

IN MISSISSIPPI, Federal ships raided Biloxi and Pass Christian during April, 1862 from a base established at Fort Massachusetts on Ship Island.

Then, as now, beer was the traditional beverage of moderation — light, sparkling refreshment that adds a touch of Southern hospitality to any occasion. Mississippians have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

Guests of the J. P. Rousseau last week were his sister, Margaret Rousseau, his grand niece Mrs. Brock, her husband David and their three-month-old daughter, Laurie. On their return trip they stopped off to visit relatives in N. O. for a few days. The Kest Sellers with their sons, Kent, Jr., and little Gregg, returned home Thursday a week after a year of fuard duty in Ft. Chas. Ark. Mrs. Garcia's grandson Jordan Johnson, Jr. of N. O. accompanied her with news of the Scout hikes his troop has been making around Shiloh, Tenn. Mrs. A. Despit is happy to be at home again after a month in Tours. She is feeling fine and looks it, but the worst ordeal she encountered were the blood transfusions.

A baby to the Wayne Hazlett's new baby, Barry Wayne, who weighed 7 lbs. 10 ozs. on arrival Friday two weeks ago. Also to the Tommie Goodwin baby boy who tipped the scales at 6 lbs. 12 ozs. at Hancock General on Aug. 10. The mother is the former Rebecca Perkins and he is the fourth grandchild of the Joe Perkins.

The William Schaeffers have no vacation problems. They belong to numerous organizations which hold their annual conventions in large and important places. This year it was the Shriners convention that took them to Toronto, Canada. Another N. O. couple, the Frank Rentons, drove in their car also; they stopped at interesting places en route for food and lodging and spent five wonderful days at the convention where tours, luncheons, fashion shows, social parties and dinner dances were on the agenda for their entertainment. They visited Montreal, and in Quebec stopped at the Chateau Frontenac made famous as one of the Roosevelt-Churchill meeting places during World War II. There they went by horse and buggy through the narrow, winding streets visiting antique shops reminiscent of the French Quarter, and brought back some conversation pieces for their new fireplace. They met two friends from N. O. vacationing there, the Messrs. Arnold and Detwiler, who invited them to their apartment for cocktails. Home through the Blue Ridge Mountains and the Shenandoah Valley where they enjoyed delicious ham steaks, fried chicken, hot biscuits and honey — a vacation to remember.

Cake And Candles

A bright and cheerful lady, Mrs. Maude Wright, who lives with her daughter, Mrs. C. E. (Pat) Allen, on Clermont Blvd., celebrated her 82nd birthday on Wednesday. She was born Aug. 8, 1880, in Spencer, W. Va. Mrs. Wright possesses a keen sense of humor, a great philosophy of life, reads GOOD books, GOOD literature, likes GOOD music and thinks GOOD thoughts. "With so many GOOD things in life, why shouldn't I be young at heart?" queries Mrs. Wright. Her friends, L. and Mrs. Tom Thum, who do so many nice things, surprised Mrs. Wright with a beautiful big white, pink and blue decorated birthday cake; she received scores of birthday cards and neighbors and friends kept streaming in to wish her well. Another octogenarian celebrated his 80th on Monday, Aug. 13. Charles Burgdorf, president of the Clermont Civic Assn., was joined with birthday card greetings and the entire community wished him well. Relatives and friends from N. O. came over also to make his day a happy one.

Mrs. Larry Peterson and Miss Maria Peterson entertained with a bridal shower at the YC Friday night in honor of Miss Joyce Lehman of N. O., who will become the bride of Robert Peterson Sept. 1 at St. Clare's Church in Waveland. The refreshment table, covered with a lace cloth, was centered with a beautiful white and silver wedding cake, surrounded with tracers of ferns in which nestled tiny white and green umbrellas. Punch, petit four, nuts and other delicacies also were served.

Recent guests of Ada and Bill Schaeffer were her sister and brother-in-law, the A. Ascelino of Covington. Mrs. R. Gransham, Ada's mother from Moss Point, came for a week's visit also.

At Waveland

Most children that we had been complaining about the last just as suddenly as anyone and everyone else, who we were last seen with, we just happened to pick up a paper about Jan. 13, 1963 (an issue of course) and being sitting up in the house was a 70-point headline reading: **WAVELAND DIES TO 45**—meaning the copy we checked off in a hurry as we read where the temperature dropped from a fairly normal 53 degrees Tuesday night, the 9th, to a freezing 11, made more noticeable by gusty northerly gales early Wednesday. We were disturbed by the time we got to the beach and when we recalled three utterly miserable days of doing without running water, bathing in a tub and similar miseries we decided it was time to search for a warmer. . . . So to all waveland readers we suggest that you look up old papers. . . . then save this issue just in case you feel like griping about next winter's chill!

The Mumps Strike

So we'll just take the fun up a notch or so and proceed with news of the day. . . . We appear to be having a siege of mumps at the moment. . . . The illness, usually more prevalent in early spring, has Shelly LaFontaine and Linda Mary Hicks Wilkey confined to their respective beds. We'll speed get well wishes to both of them and an additional one to U. N. Dicks who gave his all last Friday, Saturday and Sunday working at St. Clare's fair and fish fry—he's better now, but was under the weather last Monday and Tuesday. Speaking of the church fair, general chairman Jimmy Legasse asked that we express his appreciation to everyone donating time and talent to make the event successful to the tune of over \$5,000!

Elaine Davis and Shirley Hawkins and the younger gals, Doris Davis, Carol Hawkins and Debbie and Susie took off bright and early Tuesday a. m. on Bordages' trailer for a shrimping expedition. The shrimp just weren't around, but they caught loads of large catfish which they fried at Shirley and Ed's later Blvd. dinner home the following night. We officially welcomed all members of the 134th last week but neglected to send special greetings to Kent Seiler and pretty wife Sue, and Tommy Karl, who joined Kent at Fort Chaffee and they found a lovely apartment, but both were overjoyed to return to their Clermont Harbor home. Fred De Haan is taking advantage of his return to become better acquainted with brand new son, Keith. Welcome to Waveland Mr. and Mrs. Roger Weddell, eight year old twins Sherry and Gary and two-year-old daughter Rebecca. Mr. Weddell is with Michoud. . . . they're from Seattle, Wash., and are making their home on Tide Street.

Hazel and Ted Breland and Ora May and Carmie Morley joined Ben and George (Clements) George at the New Orleans poloester's ball last Tuesday night. Pete Formosa's music was the highlight of the evening.

Travel Notes

Yet more vacationers — Pat and Larry Smith returned last week from a motor trip which included visits in Tennessee and Miami, Fla. . . . Kate and Roy Sax and the Gerry Lipscombs all appear tanned and rested following their Miami vacation. Joe Colson left for Nashville, Tenn., Sunday night. . . . a business trip, but he'll manage to do some sightseeing also. . . . he was scheduled to fly but discovered he'd arrive at his destination more rapidly by automobile and would have transportation to Memphis and Oxford, Miss., where he also has appointments.

Miss Rita Cue is another just back from a Florida vacation. . . . she dropped by Pensacola on her return and picked up Mrs. R. R. Mudge and son Ross, who are her houseguests at present. Miss Rita was most pleased with her sky-breezeway—a large, airy room perched above the carport which gives one a lovely view for miles around, which was completed during her absence.

Summer residents, Mr. and Mrs. Charlie Bone are also doing a bit of enlarging and renovating at their Evelyn Place summer residence.

Mystery of the Week

Won't tell names and tales too but two local mammas gave their husbands quite an object lesson Saturday. . . . It appears that the gentlemen took off to pick up a few short beers. . . . ran into numerous acquaintances and the short beers became longer—and longer—the ladies tracked the erring spouses, politely left ALL 14 children with them and they took off ostensibly to grocery shop. . . . the men wearying of their charges did a bit of detective work, found their wives groceryless several hours later and ended up purchasing the food themselves!

Bay Side of the News

Georgia Peavey and children Mary Jane and David drove in from Unadilla, Ga., last week to visit her sister and brother-in-law, Polly and Joe Comprea. . . . the Peaveys and Compreas including offspring, Judy and David left Thursday for San Antonio, Texas, to spend a week with Georgia's son-in-law and daughter, Mr. and Mrs. Larry Bowen. . . . they planned to cross the border for a couple of days in Mexico during the visit.

Mr. and Mrs. J. C. Baxter are celebrating the fact that their three sons, J. C., Jr. of Dallas, Tex., Lionel of Miami, Fla., and Jack of San Francisco, Calif. and their families have all arrived for a reunion with their parents at their de Monthuzin Street home.

Capt. and Mrs. Harold R. Powell returned Saturday to their Leeward Avenue home after spending six weeks visiting friends and relatives in Mt. Holly, N. J., and Provincetown, Cape Cod, Mass. While in New Jersey they attended the 34th annual memorial service for the late Capt. Emilio Carranza, Mexican Good-Will Ambassador, killed in the crash of his plane near Mt. Holly, July 12, 1928. Capt. Powell and Lt. George Biting, members of Mt. Holly American Legion Post No. 11, instituted the first memorial service in 1929. Powell, chairman for the first 13 years, co-chairman for the next three, is the sole survivor of the original com-

NO. 7, 1963

Mr. and Mrs. John Schreiner and children John, Jr., and Jacqueline, came over from New Orleans for the week end and to celebrate Jacqueline's 10th birthday on Sunday, Aug. 12. Their guests included Miss Labe Garcia, Mrs. Warren Garcia and children Rose Marie, Sylvia, Warren, Jr., Johnny, Donna and Mark. Also Karen, Sheri and Ruth Garcia and Sharon Leitch.

See Arde was 16 also on the 12th. We drove over to the public beach at Gulfport for a picnic lunch and day of swimming.

Happy birthday to Mrs. Viola Garcia who also had a birthday the 12th and held open house for the occasion. Andrew Lecher

and Roy Lecher were also born on the 12th so happy birthday to all.

George Leitch is home again from U. S. Public Health Hospital in New Orleans following two other successful surgeries.

David Smalley, who is employed on an offshore oil drilling rig near Barce, La. spent the weekend at home with wife, Marie and the little girls, Debbie, Sable, and Lisa.

Happy 40th birthday to Little Horace Garcia, Jr., who celebrated Aug. 11.

Salute to Fair Workers

We goaded again—left out the names of some of St. Clare's Church Fair's most dedicated workers—we'll attempt to remedy the situation but must comment—we'll no doubt still neglect to mention someone—so please bear with us as we state this is a partially complete list WE HOPE—assisting general chairman Jimmy Legasse as committee members were Margaret and Cecile Turcotte, F. J. Bergeron and Lloyd Bourgeois. Mrs. Paul LeVasour was chairman of the fish fry aiding Louise and Dave Markey, quite a feat as she has been under the weather and standing for long hours is quite against her doctor's orders. Dot Markey worked the fish pond with Phyl Legasse and Ann Shippey as husband Merlin took care of change for the food booth—other tireless workers included John Anderson, of course, Hazel Scrimshaw, Lillian Chagnard, Catherine Mayer, Dot Weddeman, Mr. and Mrs. Charles Ernst and the Zimmermans, Beverly and Billy.

More get well wishes—Helen Rohr and Corneil Leifert are both victims of chest congestion—Corneil really has it rough as she's forbidden to enter air conditioning until she's well once again. Doris Stapleton is another who hasn't been feeling up to par and Shirley Smeal's having trouble with her back.

Mr. and Mrs. Walter Courtneay are due congratulations—they celebrate their 45th wedding anniversary this Sunday, which coincidentally happens to be their grandson, Little Walter J. III's, second birthday. . . . the Courtneays are also overjoyed as their new home nears completion—they hope to move in just about the time we go to press. It will be quite a large weekend for the family as they plan to attend the wedding of their grand-nephew, Wallace Le Brun in New Orleans on Saturday.

Complaint Department

Once again we're asked to remind the public to be very cautious when burning trash—a rash of brush fires kept the Waveland Volunteer Fire Department on the run all weekend—Friday afternoon they answered a call to a blaze across the tracks just out of the city, on Carroll Street, another on Sears Avenue Saturday and had to call for assistance from the Conservation Department to get a large woods fire under control later in the day. Wallace Bourgeois and Mayor Lecher have requested that we express the appreciation of the town to Conservationists for their assistance as hoses on the local vehicle were a bit short to bring the conflagration under control.

Rev. Bertrand Eckert takes advantage of his seaman's vacation to view the sights whenever available. He is now in Egypt and has been busy admiring the pyramids and sphinx, but writes he's eager to return home and continue landscaping his Central Avenue home. . . . just in case anyone forwards him a copy of this issue we'll inform the Reverend that Mrs. Eckert is busily digging and planting almost daily.

Not So Young

Two gay were a large group swimming and picnicking at Oak's wonderful pool Saturday—and not so gay were some of the group Sunday—especially those who

forgot that they were a bit over 16 and indulged in a softball game—Myrtle Da Haan pitched for Fred Reaggar's winning team. . . . Grace Bordages and Frank Peterson were the battery for the losers. . . . and before anyone tattles on ye said reporter we'll confess to aches, bruises and burnt butts as we tried to keep up with the kids. . . . and fell flat on the slightly uneven terrain (advice: don't try to walk, much less run in thong-type shoes, OUCH!) Basting chicken, ham, potato salad, etc. were Jodie and Clarence Herbig, Elaine and B. R. Steinfeld, Carmen and Toby Piazza (he caught for Reaggar's

clothes) Belle Peterson, Myrtle's husband, of course, Roy De Haan. . . . Frank's spouse Beulah, Gerri and Sam Blanchard, Mamma and Max Glanelloni, Laura Reaggar, Gloria and Wilfred Hayden, Buck Lecher, Helen and Will Bordages, Gloria Peterson, Ruth Ellen and Ludwig Moran, Ruth and Max Ballistrin, Dar Mayfield and the boys, Doris and Baldwin Wilkey, Doris' mother, Mrs. Dan Seiler and her visiting sister, 'Aunt Bees' Rebers, Gladys and Harry Baxter—(hear that fellow sufferer Harry also nurses a pain or two), Mr. and Mrs. Michael Haas and several others, plus about 40 children, but at the moment we're just too weary to catch the train. . . .

Larry Sauer, III, graduated from Teen Times Monday by celebrating his 21st birthday on that date. Helping him enjoy the celebration were his parents, Gertrude and Larry, Jr., sisters, Phyllis and Christine, Mr. and Mrs. Harold Kerne and daughter Nora, Mrs. and Mrs. P. J. O'Neill of Thibodaux, La., and Mr. and Mrs. Landry Adams. The group dined at Broadview, then returned to the Sauer home where they enjoyed traditional birthday cake and ice cream. The Kernes and O'Neills have returned to their homes after spending a week as guests of the Adams.

Little Arthur James Bourgeois had quite a day Aug. 2. . . . he celebrated his first birthday, received his first haircut from Chris and welcomed puppy Eddie home from a seven month stint at Ft. Campbell, Ky. with the Army Reserves. Of course he had quite a party too with cookies, muffins, cake, icecream and punch. . . . His largest gift was a lovely cedar toy box from god-mother, Aunt Jane Stoeffel. Guests included James, Maurice Olivier, the Thomas Silber-nagels, the Tom Millers, the Bob Guertins, the James O'Reillys, the George Murphys, Diane and Maryann Catalona, Kippy and Maria Bernados, Cathy, Peggy, Jean Ann and Michael Baron, Ricky, George and Marc Lopez, Terri and Dawn Lemons, Cathy and Jeanne Keenan, Peggy and Betty Tume-bill, Marsha and Tom Miller, Kevin and Keith Reddy, George, Patsy and Chuck Murphy, Robin O'Reilly, Gene LaFemine, Debbie and Robbie Lebella and Richard Snyder—attending from Waveland were the Kenny Stief-fels and Judy Taconi.

Ken's, Fahey Win Tourneys

Ken's Little Diggers and **Fahey Drug** took first place honors respectively in the annual combination Little League-Pony League tournament last Sunday at City Ball Park.

Gulf Coast Express swamped Merchant's Bank 13-3 in the Little League kickoff game at 8:30 a.m. The latter used a number of pitchers but couldn't top Gulf Coast hurler Mike Benigno.

Don Ladner pitched Ken's to a 3-2 victory over Cae Oil in the second game. Bill White suffered the loss. In the third contest, Coast Electric, with four runs, left the Junior Sheriffs and pitcher Sylvan Ladner scoreless. Remmie Genta was winner on the mound for Coast Electric.

Industrial Electric was a 10-0 scupper by 7-Up in the fourth and last preliminary game; the final score 8-0 with Richard Holzman the winning pitcher for 7-Up.

7-Up, with Larry Gagnon on the mound, scored a smashing 13-4 victory over Gulf Coast Express in the first semi-final contest. Mike Benigno suffered the loss. 7-Up took the second semi-final game 6-1 over Coast Electric. Winning pitcher was Claude Yarbrough.

In the championship battle, between 7-Up and Ken's, the Diggers scored the only run of the contest in the bottom of the fifth. With runners on first and third, Bert Chevis popped a bunt down the third base line scoring Herbert Cholina for the winning run. Edmund Schindler was on the mound for winning Ken's; Anthony Ladner was credited with the loss.

In Pony League play, Gary Noto pitched Youth Center to a 10-4 victory over Al Summy in the first contest. Bruce Cox was losing moundman for the latter.

The Sea Coast Echo nine was scoreless in the second contest against Fahey Drug who tallied 10 runs for the win; Mike Strong the winning pitcher, Whitney Carvin, the loser.

Youth Center, with a pair of runs by Vincent Cuevas and Gary Noto, drove for a win in the championship contest against Fahey Drug, but couldn't even the final 7-6 score. Mike Strong took the win, Gary Noto was credited with the loss.

Trophies were presented by Mrs. Theo Tudury, parks and playgrounds director. Accepting for champion Ken's Little Diggers was Woodrow LaFontaine; Bill Thomas accepted second place trophy for 7-Up. Walter Gagnon and Mike Strong took Fahey's first place trophy and

Junior Cellier accepted for Youth Center.

Chairman Nelson Favre announced that all proceeds from the tournament concessions went into the Little League Baseball Fund, which will be used to finance an end-of-season banquet for all Little League players. Appreciation and thanks were extended to all who were instrumental in the success of the tournament.

Women's Playoffs To Start Tonight

Our Lady of the Gulf nine, undefeated team in the Women's Softball League, finished the season Sunday night, slipping past Jerome's 4-3 in an exciting contest. Dale Sallier, OLG's winning hurler got helping home run hit from teammate Mary Allen. Jerome's Glenda Kennedy suffered the loss.

In Sunday's second contest, Carol Damians pitched Mollere's to a startling 18 to 8 victory over Moran's, with Mary Middleton scoring a grand slam home run for Mollere's. The losing pitcher was Maria Pierce.

Two home runs by Tonya Lacey and excellent pitching by Glenda Kennedy led Jerome's to a 14-6 win over Mollere's in last Thursday night's first battle. Carol Damians was credited with the loss.

OLG took another close one in the second game Thursday night, squeaking past Moran's 4-3, with Dale Sallier the winning pitcher. Moran's moundman, Maria Pierce, suffered the loss.

League president Don Lench reported playoffs will begin at 8 p.m. today with the season-end standings as follows: OLG, 15 wins, no losses; Jerome's, six wins, nine losses; Mollere's, five wins, 10 losses; and Moran's, four wins, 11 losses.

Final six races will be next weekend at the Pass club to determine the four top skippers from each club.

Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in... then probably the price tag would be your only concern. It can't be, of course, because some trucks have more quality than others. And marks of quality are the real keys to low cost. Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them.

Value such as this has induced more people to invest in Chevrolet trucks every year since 1937.

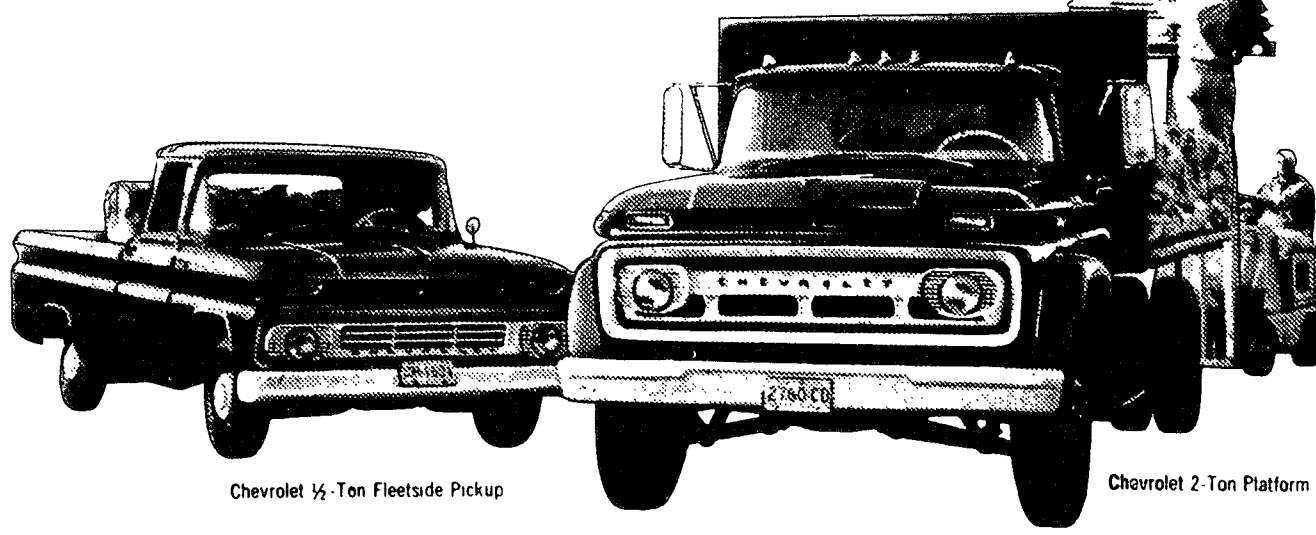

This can be a good time to buy a modern new Chevrolet truck

Late summer traditionally is the season for all-around savings on a new Chevrolet truck... selection is still good... deliveries are prompt... and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time. Come in and take full advantage of it!

Softball League Playoffs Underway

Playoffs in the Men's Softball League began last night with the season's end four top teams, Southern Realty, Retniks, Tramp and Industrial Electric in that order, pitted against each other in two contests.

The evening's first game saw second place Retniks against third place Tramp, with Southern Realty season champs, meeting Industrial Electric in the second game. These pairs will compete in a best two out of three series to determine competitors in the three out of five game finals.

The men wound up regular season play this past week with a series of rainout games. Unofficial results of last Wednesday night's contest between Industrial Electric and Kline show Kline stealing the glory from opponents with two runs in the last inning; final score, 5-4. Red Davis was credited with the last for Industrial.

Second game of the evening saw Tramp's match a win from Kramley's, 9-7. A line drive by Clayton Adams in the bottom of the seventh brought a Tramp runner in from second for the winning point. Claude Yarbrough was winning hurler; Bruce Favre took the loss for Kramley's.

4 Critically Hurt In Crash on U.S. 90

Four persons were critically injured in a two-car collision about 7:15 p.m. last Thursday, two miles west of Bay St. Louis on U. S. 90 near the Lums Pine Nursery.

Admitted to Hancock General Hospital were Dr. and Mrs. Robert Lumb of Miami, Fla., and Mr. and Mrs. Lewis Cook of New Orleans, who are also summer residents of Jourdan River. Investigating officer Gerard Freeman said that solid marks indicated that the eastbound Lumb car crossed into the opposite lane resulting in a side-swipe collision with the westbound Cook vehicle, a 1961 Chevrolet. Both cars were demolished.

The victims were brought to Hancock General by Fabey-Whitfield ambulances, and attending physician Wesley McFarland said that Dr. and Mrs. Lumb suffered skull fractures in addition to other injuries. Cook sustained compound fractures of the arms and legs, and Mrs. Cook, multiple contusions and lacerations. McFarland reported Tuesday that the four were no longer listed in critical condition.

An unidentified Negro male was reported injured in a high-way accident Tuesday in the area of the wayside park on U. S. 90 near Pearlgrin, Mississippi. Highway Patrolman C. F. Blanton investigated but was not available for information.
